Guidelines for Presentations

Oral presentation

Oral and short oral presentations will be given using a PC projector. The symposium will prepare an LCD projector and a connector cable (VGA D-sub 15 pin cable). Presenters must bring your own PCs.

Poster presentation

The poster board size is 110 cm wide and 165 cm height.

Prior to poster presentation, presenters in categories 1 and 2 will make short presentations (1 min.).

- **Short oral presentations will be given using a PC projector.**
- **The symposium will prepare a PC only for the short presentation.**
- **Presenters are required to prepare a presentation file of 2 slides (A4 size) in pdf format.**
- **The file name should be "presentation number" + "presenters family name" + .pdf.**
- **The presenters must install the above-mentioned pdf file into the PC at the registration desk.**
